

Tens and ones

Count the dots. Then fill in the missing numbers

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

$$\underline{\quad} \text{ tens} + \underline{\quad} \text{ ones} = \underline{\quad}$$

Tens and ones

Write tens and ones

$11 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$17 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$19 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$10 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$15 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$18 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$22 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$54 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$97 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$18 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$25 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$61 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$36 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$68 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$37 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$67 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$64 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$28 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$61 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$86 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$39 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$45 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$74 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$82 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$87 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

$17 = \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones}$

Complete the skip-counting series

0 , 10 , 20 , _____ , _____ , _____ , _____ , _____
