Select the pictures that show equal parts.

11

Circle the change needed to make a dollar.

12

Write an addition or subtraction equation that fits the story.

▶ Jeff had 19 dollars. Then his father gave him 3 more. How much money does Jeff have now?

▶ Jill made a total of 45 necklaces in her career. Of these necklaces, 20 were sold. How many necklaces did Jill make that were not bought?

13

In each row of the pyramid add two adjacent numbers, write that amount in the circle above them. Fill in all the circles.
